Greet Skulker With Fusillade of Shots

Watchmen at High School Show Midnight Intruder They Are Very Much on the Job

If you go "projectin'" around the Ukiah high school these nights, especially if it is at an hour when law abiding citizens are supposed to be in bed, you had better take along a megaphone and announce your presence and intentions. If you don't you are apt to fare as one midnight skulker did and get the scare of your life.

Residents in the northwestern part of town were awakened last Sunday night shortly after midnight by a commotion near the high school followed by two revolver shots. It has since transpired that Haydon Stone and Bill Heryford, who were on watch at the schoolhouse, were merely staging a greeting to a midnight skulker. They first noticed the fellow at one corner of the grounds. From there he made his way along the outside of the fence to a point near the new temporary building. They kept out of sight and watched him for a moment and then spoke up inquiring his business. He turned and ran, whereupon Stone cut loose with his revolver, firing two shots in the air. This did not stop the intruder, who only ran all the faster. They then attempted to turn a searchlight on him, but the machine failed to work. They afterward found that the globe was not screwed in far enough to make contact.

Whoever it was ran toward Walnut avenue and disappeared.

Since the Willits and Ukiah high schools were burned watchmen have been employed at all the larger school buildings in the county and both their nerves and guns are on a hair-trigger.

ENTERTAINS AT DINNER

Mrs. Lewis Hildreth entertained ten guests at a dinner party last Monday evening at her home in the valley. Following the dinner card games were enjoyed by those present.

Mr. and Mrs. C. U. Pursley, accompanied by Donald Howie of this city, returned to Vallejo Sunday. They were here to attend the golden wedding anniversary of Mr. and Mrs. A. D. Moon.

Death Takes Second Victim in Two Weeks

Mrs. Margaret Fulwider died at her home in Ukiah, Wednesday, the cause of her death being influenza. She was a native of Indiana and 72 years of age. She had lived in California 36 years and in Ukiah for the past eight years. The funeral was held at the Eversole mortuary yesterday afternoon.

This makes the second death in the family within two weeks. On Sunday, November 25, Miss McCord, sister of Mrs. Fulwider, passed away, her death also being caused by influenza.

Wrecks Car to Save Child from Injury

Farm Advisor Myszka Drives Into Ditch to Avoid Striking Lad on Highway Near Willits

WILLITS, Dec. 5.—Farm Advisor C. S. Myszka had a miraculous escape from death or serious injury last Friday night when his car ran off of the grade and into a big ditch. He came up from Ukiah to address the local farm center and a few miles south of town a small boy started to cross the highway in front of Myszka's car. In order to keep from striking the boy Mr. Myszka deliberately ran his car over the bank and into the ditch. Strange to relate neither the car or Mr. Myszka received any injuries worth mentioning.

About an hour later, at the same place, there was another automobile accident that proved more serious. Amelio Paravicini, Louis Pedro and Connie Menefee were coming around the curve at considerable speed and their car started to skid and finally landed in the ditch bottom side up and was wrecked. Connie Menefee had his right arm broken. He left for his home in Eureka after the bone had been set.

Big Program for Thursday Evening

Another big program is scheduled at the State theatre next Thursday evening. The State's vaudeville is getting better and better and is rapidly growing in favor with the theatre-going public of Ukiah and vicinity.

Clark and Ray are a young couple with bits of song and dance, a comedy crossfire and eccentric comedy stunts. Both are clever performers.

Bessie Millar is a big time cornet artiste. She presents a delightful program of cornet and piano. Miss Millar is recognized as America's foremost lady cornetist and has appeared in the largest theatres of the country. This is an offering different and at the same time of the highest class.

Larue and Taylor in "Tunes With the Feet" are a snappy young couple. They present waltz clogs and buck and wing dancing and finish their act with a tap medley, introducing in taps all the latest dance crazes.

David Kane and Company are three peppy instrumentalists, featuring stringed instruments. They offer a series of popular American and South Sea Island tunes with vocal interpolations. Human voice reproductions on the guitar is one of their out-of-the-usual stunts.

PATTON HAS RELAPSE

County Superintendent of Schools F. D. Patton is seriously ill. He had the flu a short time ago and got out before he should and has had a relapse.

Joshua Grindle, the Mendocino banker, was here this week serving on the grand jury.

Senior Play to Be Given Mon. Evg.

"The Whole Town's Talking" Furnishes Vehicle for Display of Talent by Students

The annual senior play, to be given by the class of 1929 of the Ukiah high school, will be presented at the State theatre on next Monday evening, December 10.

"The Whole Town's Talking," a comedy in three acts, has been selected by the seniors this year. This farce was written by John Emerson and Anita Loos and was popular on Broadway a few years ago. It has also ben produced by road shows, and in the movies it had great popularity. At the present time amateurs in small towns may produce the play, though production in cities is reserved for stock companies.

The play is well suited to high school people, as the lines are sparkling and there is plenty of action throughout. As the action takes place in such a manner that only one scene is necessary, there are no long waits between acts, time only being given for selections by the Ukiah high school orchestra during the intervals.

The following is the cast:

Henry Simmons, a manufacturer.... ..... Fred Campbell
Harriett Simmons, his wife..... ..... Lucille Hansen
Ethel Simmons, their daughter..... ..... Blanche Valette
Chester Binney, Simmon's partner ..... Tom Giles
Letty Lythe, a motion picture star ..... Ruth Van Allen
Donald Swift, a motion picture director ..... Gerald Ganter
Roger Shields, from Chicago and Paris ..... Gary Bowen
Lila Wilson, friend of Ethel..... ..... Bethena Arthur
Sally Otis, friend of Ethel..... ..... Marian Hansen
Sadie Bloom, dance hall teacher.... ..... Blanche Finne
Taxi driver.....Stanley Rea
Mrs. Jackson, friend of Chester.... ..... Adelaide Wethern

Tickets for the production are 75c and 50c. These may be secured from high school students or at Morty's, where tickets are being reserved.

Willits Man Injured When Auto Hits Pole

D. Christiersson Sustains Broken Leg and Other Injuries in Accident Thanksgiving Night

WILLITS, Dec. 5.—Dick Christiersson met with a serious mishap while on his way home from Ukiah on Thanksgiving night. He was driving a little too fast and in trying to make a curve a few miles south of town his auto skidded for quite a distance and then landed against a telephone pole and wrecked the machine and nearly killed Mr. Christiersson. The wreck occurred near the Clow ranch and he was carried to the house unconscious and Dr. Babcock was summoned.

After being taken to the Howard Memorial hospital an examination was made and it was found that his left leg had been broken just below the thigh, besides which he had a badly lacerated ear and numerous minor cuts and bruises. An x-ray showed that the fracture of his leg bone was a clean break but in order to keep it from slipping an operation had to be performed this morning by Dr. Babcock, assisted by Dr. S. L. Rea of Ukiah. The flesh had to be cut and a plate was inserted to hold the break together.

The car was a Nash six sedan and is almost a total wreck. It is now at a local garage and it is doubtful if any effort will be made to repair it.

Dick has been the manager of the gents furnishing department at the Irvine & Muir store. B. A. McKelley has been transferred from the grocery to fill the vacancy in that department and Jim Roberson has taken the vacant place in the grocery department.

SAILS FOR ISLANDS

Mrs. G. W. Gibson, of Potter valley, was a Ukiah visitor Thursday. Mrs. Gibson was on her way to San Francisco, where she took the liner, Taft, for Honolulu Friday. Mrs. Gibson will remain in the islands for several months at least and may decide to make her home there permanently with her son, Dr. Henry Gibson, and his family. Dr. Gibson is building a new home in Honolulu. Mr. Gibson senior, while not accompanying Mrs. Gibson at this time contemplates following her to Honolulu in about a month or six weeks.

Dr. Gibson is doing well in Honolulu. Besides his practise he is attached to the faculty of the territorial university, where he lectures on dentistry.

Ray and Lawrence Mustard and their families accompanied Mrs. Gibson to San Francisco from this place to see her safely embarked on her voyage.

Secretary of State Issues Certificate

Two Candidates for Director in this County for Golden Gate Bridge District Board

Secretary of State Frank C. Jordan last Tuesday issued his certificate authorizing the incorporation of the Golden Gate bridge district, comprising San Francisco, Marin, Napa, Sonoma, Del Norte and Mendocino counties. The next step is the appointment of the board of directors. San Francisco is to have six, Sonoma two, and the other counties one each.

These directors are appointed by the boards of supervisors of the respective counties, and the usual pulling and hauling has begun by those who desire the appointments. In Sonoma there are five candidates for the two positions. In this county two candidates have actively entered the contest. They are Edward Morris, Willits booster, president of the Redwood Empire Association, and A. R. O'Brien, publisher of the Ukiah Republican Press. O'Brien is said to have three of the board already sewed up and the appointment is practically in his pocket. The position, we understand, carries no salary but the directors get per diem and mileage when engaged on business of the district. The matter will probably come before the supervisors at their meeting next week.

Meanwhile the opponents of the scheme, led by Attorney Casper A. Ornbaun, of San Francisco, member of the well known Mendocino pioneer family, are preparing to carry the contest against formation of the district to the highest courts of the land. According to Ornbaun, the prospective litigation will tie the proposition up for an indefinite number of years.

GENEVIEVE SANCHEZ DIES AT COLFAX TUES.

Genevieve Sanchez, niece of W. T. Briggs of this city, passed away at Colfax last Tuesday. The remains were brought to Ukiah for interment and the funeral was held Thursday at the Cleland Funeral Home.

Mrs. E. J. James has been among influenza victims the last few days.

Willits Boy, Aged 14, Is Accidentally Shot

Raymond Page Killed by Charge from His Shotgun While on Way Quail Hunting Saturday

WILLITS, Dec. 4.—A deplorable accident happened here last Saturday morning when Raymond Page, 14-year-old lad, shot the top of his head off with a shotgun. He and another boy were going out quail hunting and at the Valley street crossing they met the speeder that takes the section crew out on the Fort Bragg railroad. They climbed on the speeder. Immediately afterwards young Page loaded his 12-guage shotgun. In some unknown manner the weapon was discharged and the shot struck him near the left cheekbone and passed through the brain. He was rushed to the Howard Memorial hospital but lived less than an hour after the accident.

Raymond was a son of Mr. and Mrs. Fred Page and was born here April 18, 1914. He was a good industrious boy and well liked by all who knew him.

Deputy Coroner L. P. Anker held an inquest Sunday morning and the jury decided that the death was due to an accident caused by the deceased.

The funeral was held at the Methodist church Monday afternoon, Chaplain G. H. Jones officiating. Willits troup of boy scouts attended in a body and also acted as pallbearers.

ATTENDS MEETING OF FUNERAL DIRECTORS

B. L. Cleland was a visitor to Santa Rosa Monday evening, where he attended the meeting of the northern California district of the funeral directors' association.

A banquet was held early in the evening after which the assemblage talked over proposed legislation aimed to bring about improved conditions and higher standards in connection with the undertaking business.

Besides the local man, R. C. Canarr and Stewart Rose, Fort Bragg undertakers, attended from this county.

Frank Updegraff returned from Eden valley last week where he has been employed for several months making a large cement swimming tank about half way between the two residences.

Mr. and Mrs. J. S. Rohrbough passed through town Tuesday on their way to San Francisco for an extended visit.

Mrs. J. J. Pitman, of San Francisco, was in Ukiah for a short visit the latter part of last week.

Judge's Decision in Favor of Defendant

Merits of "No Fence Law" Not Touched Upon in Judgment Rendered Here This Week

Judge Preston rendered a decision in favor of the defendant, in the case of Ellmaker vs. Houx, mention of which was made last week.

The case was brought up under what is known as the "No Fence Law" but the judge in making his decision did not refer to that law. The plaintiff failed to prove where his lines were and it was also proved that the stray stock had done no damage.

Both of the parties to the suit have ranches near Hearst.

BUILDING SIDEWALKS

Attorney J. W. Kingren has laid cement sidewalks, curbs and gutters alongside his property on Henry street the last week. Similar improvements have been made on Smith street opposite the Methodist church.

JUDGE IN SAN RAFAEL

Judge H. L. Preston is holding court at San Rafael this week. There was no calendar called yesterday on account of the judge being absent.

Mortgage Is Burned by I. O. O. F. Lodge

Ukiah Lodge No. 174, I. O. O. F., had a great jollification at its meeting Tusday night at which its mortgage was burned.

The first number, and one of the best on the program, was an elaborate turkey banquet, with all of the trimmings, which was served at 6:30. Following this a regular lodge session was held after which Mack Howard, the oldest living member, gave a historical account of the lodge and burned the mortgage.

Charles Kasch, chairman of the board of trustees, then outlined the future plans for the lodge. The reserve funds will be set aside as a building fund after some urgent repairs are made on the building and in the lodge room.

There was a splendid attendance and the gathering did not break up until after midnight.

Ukiah lodge now has business and cemetery property conservatively valued at $50,000.00. The membership is large and growing and their prospects are now better than at any time since the lodge was organized.

In addition to the subordinate lodge Odd Fellowship is also represented here by an encampment and a flourishing Rebekah lodge.

MRS. MERK IMPROVING

Mrs. George Merk, who has been ill for several months, is improving and was able to be out for a short time this week.

Ernest Wright was down from Dos Rios last week.

City Council Meets; Appoints Member

G. M. Miller to Replace Gantz. State Street Lighting Proposition Again Postponed

At the meeting of the city council on Tuesday evening, the question of lighting State street came up, and it was found that the specifications for the lighting plan that had been presented to the council at a previous meeting did not correctly express the desires of the petitioners who had themselves presented the specifications, and at their request they were permitted to withdraw the specifications they had proposed. Later they will submit others. The situation as it developed justified the suggestion of the city council in urging that no hasty action be taken.

At this meeting also, the police committee reported the construction of a new pound for the care of stray animals. The new pound is located at the northeast corner of the baseball park, and in a place where it is hoped that dogs taken up will not interfere with any of the people living nearby. This action of the council was taken on the urgent request of persons living in the vicinity of the former location of the pound.

The city council also urged upon the railroad company that it construct a concrete sidewalk along the north line of its property on Perkins street.

U. S. Gantz, a member elected to the council last April, tendered his resignation, and the remaining members thereupon elected George M. Miller to fill the vacancy. Mr. Miller is a local business man, active in the fire department, and the choice of the council in selecting him to take the place of Mr. Gantz will meet with approval.

SUBMITS TO OPERATION

Mrs. Ed Porter submitted to an operation yesterday at the General hospital for the removal of her appendix and gall duct. She passed through the ordeal very well and was reported as resting easily last evening.

Mr. Porter has also been ill for the past month with influenza. He was able to resume his duties again yesterday.

Work Progressing on Ukiah's New Depot

The framework for the new depot is now complete and an idea of the beauty of the new structure can be visualized. The porches are supported by solid concrete pillars and several hundred square yards of concrete will have to be laid for the floors and walks. A concrete sidewalk is now being built from the old depot to Perkins street the full width between the outer and inner tracks. These tracks will be raised to the level of the sidewalk.

Jack Newman, one of Potter's prominent ranchers, was in town on business Monday.

COVELO, Dec. 3.—Although the attendance at the Saturday meeting of the Covelo Women's Improvement club was below normal, action was taken upon matters of routine business which promises to promote the healthy development of club interests for the coming year. After thorough discussion the club voted to make a first payment of $15 toward its quota of the endowment fund, and to continue annual payments until its full quota of $46.80 is reached. This action entitles Covelo to the service of club speakers. A letter from the district president was read, naming four nearby state chairmen whose services are available to this club as speakers, when proper arrangements shall have been made. Steps will doubtless be taken soon to schedule dates with one or more of these speakers.

Mrs. Biggar told the club of a recent interview with Mrs. D. E. F. Easton of San Francisco, who signified her willingness to come to Covelo in the late spring to address any gathering that might be interested. Mrs. Easton is a club woman and speaker of prominence in the bay region. Her voice is familiar in the radio world. She is an officer in the General Grand Chapter, Order of the Eastern Star, and chairman of the education committee of the grand chapter of the state of California. She is an active member of the California Development Association, through which organization she has helped formulate the safety first campaign which is making San Francisco the safest city in the United States for pedestrian and automobile traffic. She had a prominent part in the recent presidential campaign. With her husband, who was a classmate of Herbert Hoover, she will attend the inauguration in Washington on the fourth of March. Covelo is very fortunate in being able to secure the services of such a speaker. Mrs. Biggar was appointed a committee of one to correspond with Mrs. Easton and arrange a date for the meeting.

Chairman Ella Osborne of the cemetery committee announced that a man will be put to work soon to continue the effort to eliminate the locust tree and myrtle pests in the cemetery. Other work will be deferred until spring.

W. W. Coke told the club of the work in progress in the night school class in gardening, and extended an invitation to all interested to visit or enroll in that class. He also urged the club to take steps for the preservation of some of the fine old trees in our town, especially the huge walnut tree on the Prising lot.

After conclusion of the business session Mrs. Grace Sweeney and Mrs. Jennie Lovell amused the ladies with a guessing contest, in which Mrs. Beatrice Goforth won first prize and Mrs. Lang second, and with a fortune telling game.

President Iris Hill, as well as several members, was confined to her home by a severe attack of influenza. Her office was ably administered by Vice-President Ella Henderson. Members are urged to keep in mind the meeting dates—first and third Saturdays— and to keep a full attendance record.

The national Thanksgiving holiday was observed generally—and generously—in Round valley. Business houses were closed, giving the employees a day of rest and social recreation. Practically every family in the valley was either host or guest at a genuine western Thanksgiving dinner. Details of two of these gatherings have reached us.

The hospitable home of Mr. and Mrs. Albert Winters gathered around the board for an evening dinner Mr. and Mrs. Omar Bates, Harold Tuttle, Mr. and Mrs. Tod Hurt and three sons Rolland, Lewis and Lawrence, Miss Edna Goforth, Mr. Powers, Harry Newberg and John Thomas. After the good cheer of the dinner hour the young people spent the evening at the dance in the auditorium.

Mr. and Mrs. L. E. Ruch had as guests for the day Mr. and Mrs. D. T. Johnson and Mr. and Mrs. G. M. Biggar. Supreme content settled upon the little company after the midday dinner featuring all the historic dishes pertaining to the day, prepared by the matchless skill of the hostess. A game of cards furnished entertainment for the afternoon.

These are typical of many such groups. Numerous other homes were made happy by the return of absent members or friends. Dan Drewry, Jr., came up from Santa Rosa Junior College where he enrolled in August. Mr. and Mrs. Ira Cotton and little daughter, Lois, spent the day and the week at the C. G. Hiatt home. Principal F. F. Zeek of the Redwood valley grammar school, with his wife and three children Evelyn, Irma and James, was a guest at the home of his parents, Mr. and Mrs. H. L. Zeek. Miss Lena Yates, who is teaching at Calpella, spent the vacation with her parents, Mr. and Mrs. L. R. Yates. Mr. and Mrs. Leo Sanders of Anderson valley were guests in the C. A. Riffe home. Mrs. Ruth Haydon spent the day with her mother, Mrs. S. E. Hamilton. The T. F. Spurlock home welcomed four members, County Horticultural Commissioner Carl Spurlock and Mrs. Spurlock of Fairfield, Cyril from the University of California, and Isobel from Piedmont. The E. H. Long home entertained two brothers, Frank, recently from Alaska and Fred, who is lighthouse keeper at Point Gordo. To the Wiley English home came two daughters, Mrs. Leila Saunders and Miss Doris English of San Francisco.

Public services were held at the Baptist church in the evening.

The dance committee gave a ball at the auditorium.

A son was born to Mr. and Mrs. Andrew Begley on Sunday, November 25.

C. M. Grist and family spent Thanksgiving day with Mr. and Mrs. Earl Grist at Dos Rios.

Mr. and Mrs. Earl Caldwell drove to Willits and back on Monday.

J. W. Henderson, an attorney for Collett, who has interested himself for a number of years in the Indian Claims fight pending before the national government, was in Covelo Monday, November 26, to meet the Round valley Indians. He is collecting funds to further the cause championed by Collett.

Dr. and Mrs. J. S. Hogshead have returned from a visit to the bay region where they witnessed the California-Stanford football game and visited with their daughter, Miss Helen Hogshead, who is doing postgraduate work at the University of California, and their son, Attorney J. S. Hogshead, Jr., of San Francisco.

Mr. and Mrs. E. F. Rohrbough entertained at cards on Monday evening of last week in honor of Mr. and Mrs. Ira Cotton, of Marysville, former residents of Covelo where Mr. Cotton had charge of the Round Valley Land Company's ranch. The game was pinochle. Honors were won by Mrs. J. W. Walter and C. G. Hiatt. Those present were Mr. and Mrs. Ira Cotton, Mr. and Mrs. C. G. Hiatt, Mr. and Mrs. B. L. Hurt, Mr. and Mrs. G. M. Biggar, and Mr. and Mrs. J. W. Walter.

There is on display at the Covelo bank a small box of English walnuts of unusual size and perfection. The nuts were grown on the J. I. Hurt town ranch and are the product of the first walnut tree grafted in this valley. The excellence of this display promises much for future development.

Mrs. Fannie English was a Ukiah visitor the last of the week.

Relatives here received last week the sad news of the death in southern California of George W. Cummins, a pioneer of Round valley and for many years the postmaster of Covelo. Mr. Cummins had a wide circle of acquaintances here who loved and esteemed him for his kindly disposition. Sorrow at the news is felt throughout the community and sympathy is extended to the members of the bereaved family.

News of the critical illness in Fort Bragg of Mrs. Minnie Betts Campbell was received here Friday. Relatives were summoned to her bedside. Mr. and Mrs. Gus Hagne and Mr. and Mrs. McClure with their families answered the summons. The ladies are sisters. Many friends here are hoping to hear that the crisis is past and that the patient is on her way to recovery.

Active preparations are under way for the installation of the newly elected officers of Augusta Chapter, O. E. S., which is to take place on Friday evening, December 7, in the presence of the chapter and invited guests. Several musical numbers will be given on the program. A social hour and refreshments will follow the ceremony of installation. Retiring Worthy Matron Jane Bellatti will act as installing officer, assisted by Mrs. Nellie Ham as marshal.

Mrs. G. W. Lovejoy and little granddaughter, Lee Clark, returned Sunday from a trip to Fortuna.

Alvin Caldwell spent the week end with his parents, Mr. and Mrs. Earl Caldwell.

E. O. White, Helen and Barbara are visiting in the bay cities this week.

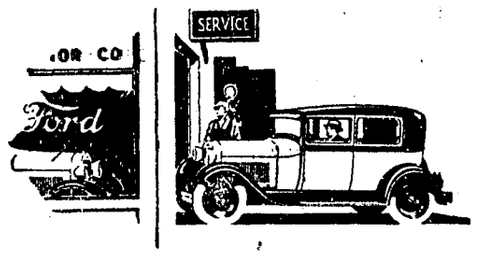
Every purchaser of a new Ford is entitled to Free Inspection Service for the first 1500 miles



THE modern automobile is a finely built piece of machinery and it will stand a lot of abuse. Considering the work it does, it gives surprisingly little trouble. But there isn't a car made that will not run better and longer if given proper care.

The first few hundred miles are especially important because that is when the mechanism of your car is being broken in.

Proper attention during this period will lengthen its life and prevent unnecessary trouble later on.

We are particularly interested in this matter because we believe it is our duty not only to make a good automobile, but to help the owner get the greatest possible use over the longest period of time at a minimum of trouble and expense.

With this in view, the entire Ford dealer organization has been specially trained and equipped to service the new Model A car.

Furthermore, we have instructed every Ford dealer to give the following Free Inspection Service at 500, 1000 and 1500 miles:

Check battery
Check generator charging rate
Check distributor adjustment
Check carburetor adjustment
Check lights
Check brakes
Check shock absorber adjustment
Check tire inflation
Check steering gear
Change engine oil
Lubricate chassis

No charge is made for labor or materials incidental to this service, except, of course, where repairs are necessary through accident, misuse or neglect. The only charge is for new oil.

See your Ford dealer, therefore, and get this Free Inspection of your new car at 500, 1000 and 1500 miles. Find out, too, how little it will cost to have your car given a thorough going-over at regular periods thereafter.

A checking-up by experienced mechanics, together with oiling and greasing every 500 miles, will add months and years to the life of your car and mean more economical and pleasurable motoring every mile you drive.

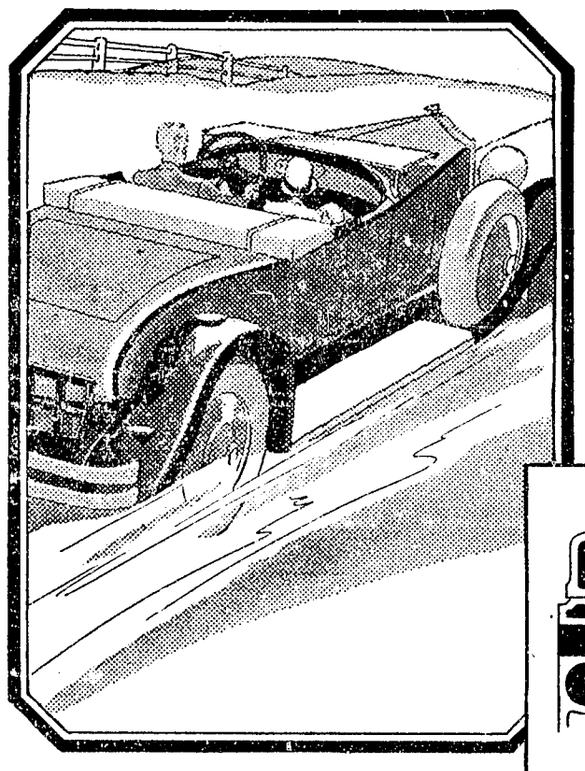
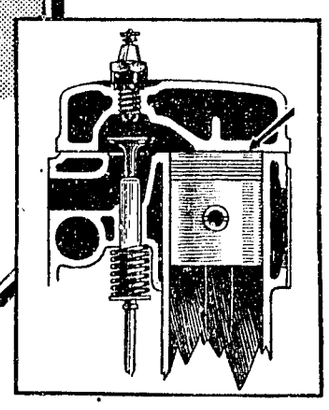
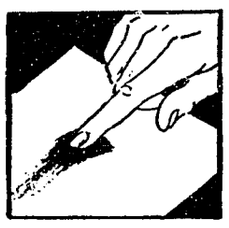
Older motors with big piston clearance could stand lots of carbon



The new high-compression motors have as little as 1/32 of an inch between the top of the piston and the cylinder head—flint carbon is ruinous to them, even in small quantities



A handful of flint carbon ...
and only 1/32 of an inch to put it in



Not only does Shell Motor Oil form 2/3 less carbon—the little it does form is soft, soot-like, a kind that blows easily away

You've probably seen mechanics working on one of the older type motors—scraping layers of carbon off the piston heads—a big handful of it from one motor!

But the newer engines could never stand such carbon deposits. Some of them have only the thickness of a knife blade between piston and cylinder head—no room at all for carbon.

What causes carbon?

The carbon that builds up in your motor comes from burned oil. And it is a strange fact that often the highest priced lubricants will give you large quantities of gritty, hard carbon.

In spite of all this it is easy now to avoid carbon-forming oils. For science has perfected one oil that is vitally different.

Only a little soft soot

Shell Motor Oil, the result of a new refining process, forms *less than one-third* the carbon of even the *costliest* oils; no *hard* carbon, only a little soot that blows easily away through the exhaust.

Its lubricant value is far greater than old type oils. Careful refining leaves all its "body" intact ready to resist even the most violent changes in temperature.

Insist on Shell Motor Oil every time you buy. It is almost a necessity in today's motors.

SHELL MOTOR OIL

Shell 400, the new "dry" gas that burns cleanly and keeps out of the crankcase, is the ideal running mate for Shell Motor Oil. Even Shell Motor Oil can be ruined by "thinning" with a "wet" gas

While the new quarters are not as well arranged as the old, still they are very good and the district has saved a large sum by not being compelled to erect a temporary building.

MRS. C. A. BERNHARD GUEST AT TEA YESTERDAY

Mrs. C. A. Bernhard was the guest of honor at a tea given by Mrs. Hale McCowen, Jr., and Mrs. Frank Cunningham yesterday afternoon. The occasion was in commemoration of Mrs. Bernhard's wedding anniversary. Old-time residents who were childhood friends of the guest of honor, formerly Louise Ames, were invited, some thirty in number.

The affair was an "old-fashioned party" and fashion show, featuring ancient costumes. One-hundred photographs taken when many of the guests were children were passed around and occasioned much merriment and many reminiscences. A guessing contest on thirty of the photos was another enjoyable feature of the afternoon.

Ukiah Athletic Club Wins from Lakeport

(By ASHLEY NEIL DOAK)

A hectic battle took place last Saturday night between the Lakeport and Ukiah athletic club quintets in the Lakeport gymnasium in which Lakeport bowed to the red and white team of Ukiah by a 29-26 count. The game was very fast throughout and was featured by beautiful wide end runs with the interference working to perfection. Such an exhibition of tackling, clipping, pushing, holding, and slugging cannot always be seen for the meager sum of 25 cents.

The first quarter saw Ukiah with a comfortabe lead of 14-4 points. The poor condition of the Ukiah five told in the next quarter, however, when they failed to score a point while their opponents brought their credentials up to 10 credits.

After the half time rest and instructions from Coach C. A. Rexroad, the team again started working, and the beginning of the fourth quarter found the score 23-18 with Ukiah still on the safe side. The fourth quarter showed another slight decline in Ukiah's aggressiveness, but the final score found them still leading by 29-26 points.

Ottman led the Ukiah team's scoring with 12 points and Captain Weselsky followed with 8 points. Others who helped account for Ukiah's victory were Meek, Hull, Brown, Scharer, A. Doak, and A. N. Doak.

Potter valley and Ukiah had a game scheduled for Thursday night which was postponed until next Tuesday when the two teams will tangle on the Ukiah athletic club's floor on South State street at 8:00 p. m.

RED SHEPPARD KILLED IN HUNTING ACCIDENT

Last week "Reckless Red" Sheppard was killed while hunting quail in Napa county. He was careless in handling his gun and shot himself through the heart and died instantly.

Mr. Sheppard was one of the best known cowboys in the nation and had carried off first honors at both Chyenne and Pendleton. He will be remembered as one of the stars at both of the Ukiah rodoes and was thrown for the first time in his long and successful career by the outlaw horse, Jack Dempsey. Up to that time it looked as if he would earn first money.
